PRESIDENTS MESSAGE

Greetings all I hope this finds you well. The show season is over. Projects for the winter are in the shops. Fall has been a little unusual to say the least. I don't recall a fall this dry. It was great for getting the crops out but fall tillage was tough. The ground was terrible hard.

With that being said we did have a plow day at Bob Kahles and the ground was hard. If you could get the plow in the ground you had to go in low gear about 1/3 throttle to keep the plow in the ground and the plow creaked and groaned. We had around 12 people there to plow or just be spectators. We had a nice lunch of chili and hotdish with plenty of treats to go with it.

The Rochester show went ok. A little damp but we managed. A few Red tractors. I was concerned with the turn out. I was hoping for a good showing as they provided us a good area to display. But they themselves had a low showing. Hardly any of their gas engines showed up. I guess the weather may have deterred them. We had around 35 people for our meeting/banquet with the meal coming from HyVee. Chicken dinner with all the fixins.

Looking ahead to our next meeting we have elections coming up. Carmen, Neal and myself are

up for election this year and we all 3 are running again but with that being said you can still put your hat in the ring. The current board isn't going to stay on forever and eventually we will need new members.

The board met and we discussed our up coming schedule. We had representatives from Dalton there and we talked about the particulars for our 2023 show. Everyone pays to get in including exhibitors. \$20 for 3 days. Golf carts are allowed but you need to bring your own. A caterer and banquet location still has to be nailed down. The board has decided to not have a feature anymore and we will show up and display whatever. It seems that when we have a particular feature some folks don't feel they can bring something. That's far from the case. All items IH are welcome. In 2024 we will be celebrating 100 years of the Regular but its not the feature.

My goal is if I get elected back on the board I want to start promoting the chapter more. In the past we use to have shows come to our meetings and put in a bid for us to come to their show. That hasn't happened as much anymore. The board was presented with a brochure design and was accepted. We will have copies of these for you to see at the meeting. The plan is to put these out among dealerships and possibly other places. Maybe later on we could do some other form of advertising. We will see how the brochures go over and move on from there. You'd be surprised how many people don't know we exist.

There's a lot of red tractors out there that haven't been tapped!

Unfortunately we've had more deaths. Werner Reining's wife Myra passed away. I was saddened to hear that. She was always so pleasant. I don't know if you could find someone any nicer. A newer member Gerald Scheurer passed away. Neal had brought to our meeting last December and signed him up. Please keep their families in your thoughts and prayers

On a personal note I go in for an angiogram November 18th. Went in for a stress test and the doctors didn't like what they saw. Hopefully just a couple of stents but we won't know until they get in there and know what is going on

Well that's all for now. Have a Happy Thanksgiving and we will see you on the 10th of December in Arlington.

STAY RED

President, Bill Radil

MERCHANDISE REPORT

I got the sweatshirts with the club logo on the front and the back. Hopefully you that have not gotten them yet will be able to get to the Dec. meeting and get them picked up. If you are unable to please let me know how you would like to get them.

I got more of those blue denim shirts in short and long sleeves. They were supposed to have the IH emblem on them but there was a mixup with the person I get them from and the embroiderer and they ended up with the state logo on them. I guess I'm lucky that he didn't get it on the back, just the front.

Otherwise there's not much new. It hasn't gotten any easier to find products and it doesn't look like it will be in the near future.

WEBSITE/FACEBOOK

I am in the process of getting our website moved to a new person. The board approved this at the last meeting so now it's just a matter of getting it setup. It will make it a bit easier for me as I will just send her the info and she will copy and paste it onto the site.

Before I was putting all the updates on and about the time I would get it figured out the method for doing it would change. I have been adding to facebook and will still do that.
